PAC LEASE
An OCBC Company

We'll help your business make the switch to solar PV

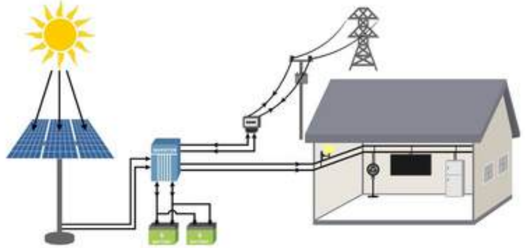
with up to
100% financing
for a tenure of
up to 7 years

Types of solar PV systems we finance

On-grid solar systems
Solar PV systems that connect directly to the local utility grid.

Off-grid solar systems
Solar PV systems that operate independently from the utility grid.

Hybrid solar systems
Solar PV systems that combine solar energy with traditional power sources for maximum energy efficiency and reduced reliance on fossil fuels.



Battery Energy Storage Systems (BESS)

Pac Lease also finances BESS for storing excess electricity, helping businesses reduce energy costs while providing reliable backup power during disruptions.

How our solar PV financing works

Approval within 7 working days
Furnish us with the relevant documents and you can expect financing within 7 working days.

Minimal documentation
All you need to share with us are the following:

- Certified true copy (CTC) of company statutory documents
- Latest 6 months bank statements
- Latest 2 years audited reports
- Latest 3 months TNB bills
- Other documents as and when required for evaluation

Financing package

- Tenure: Up to 7 years
- Margin of financing: Up to 100% of the cost of the equipment
- Insurance Premium Financing is bundled together with the loan financing amount throughout the loan tenure

Established in 1996 and headquartered in Kuala Lumpur, it has 15 branches nationwide. For details, please visit www.paclease.com.my

How a renewable energy player secured RM3 million in financing in four days

The challenge
- The renewable energy player needed RM3 million to finance a solar panel acquisition.
- They needed funding quickly to avoid project delays.
- Traditional financing options are known to often be time consuming.

The solution
- The company partnered with the Pac Lease team in Kuala Lumpur for financing.

The result
- RM3 million in financing was approved in just four days.
- The funds were disbursed shortly after approval.
- The solar project commenced without delay.
- Business momentum and growth plans remained on track.

The impact
- The renewable energy adoption effort was accelerated.
- The company achieved long-term energy cost savings.
- They continue to benefit from the investment more than two years later.

The testimonial
"The fast approval was beyond my wildest imagination, and the Pac Lease representative's professionalism in outlining the solutions impressed me beyond words. More than two years on we are well and truly reaping the benefits of their timely advice and future-focused financing."

— Director of the company
