## NEWS

### **Coronavirus: Malaysia secures 12.8 million Pfizer vaccines as China assures Muhyiddin of 'priority status'**

- The US firm will deliver one million doses in the first quarter of 2021, and the deal is expected to cover 6.4 million Malaysians
- Prime Minister Muhyiddin Yassin said Beijing had assured him that Malaysia would be given priority access to its vaccines
- It was reported that Muhyiddin, however, said Pfizer would still need approval from the US Food and Drug Administration (FDA) and regulatory approval from the producing country, besides approval from the Malaysia's National Pharmaceutical Regulatory Agency (NPRA) for the vaccine to be used in Malaysia.
